SALES ENGINEER, Summer Trainee

We are looking for a *Sales Engineer, Summer Trainee* to strengthen our global Marine & Offshore sales team. The Summer Trainee will be responsible for supporting technical quotation preparation for new building-, upgrade- and service sales projects in close co-operation with the Sales- and Key Account Managers. The duration of the summer trainee period is app. 4 months and the start would be in May.

Main tasks include:

- HI-FOG system designs and dimensioning
- Preparing quotations
- Cost and profit calculations

The successful applicant will own good communication skills in English and is comfortable working in an international business environment. Ability to work systematically and take personal responsibility together with good team work skills are key assets in this position.

To succeed in this position you should have:

- Bachelor or Master student in Engineering. Recently graduated candidates will be considered for this role also
- Fluent English, both spoken and written
- Proficiency in MS Office tools and AutoCAD
- Positive attitude and eagerness to learn
- Detail-oriented and forward-looking
- Ability to work systematically with multiple tasks under tight deadlines

We also value:

- Marine & Offshore business knowledge
- Finnish and other language skills

We offer you a dynamic and internationally oriented work environment in a company with high technology products and a strong growth strategy. The position will give you a wide marine market view in international customer interface. The position is located at Marioff Corporation new headquarters in Plaza Business Park HALO, Vantaa.
