

Warehouse Foreman

Marioff Corporation Oy is looking for a Warehouse Foreman into our Sales Logistics team in Kerava factory.

Your main responsibilities are to manage daily warehouse operations, optimize capacity utilization, performance monitoring and ensure customer on-time deliveries. The successful candidate has the right skills to ensure the continuous improvement of Marioff's warehouse operations in order to improve customer service and Environmental, Health & Safety culture. You will work in cooperation with cross-functional teams both inside the Operations department and the entire Marioff team.

Main tasks include:

- Supervisor for warehouse team
- Issue an optimized daily operational plan for warehouse team and ensure that daily targets are met
- Proactively communicate and manage changes in daily operations
- Performance monitoring in cooperation with Process Engineer
- Team's competence development
- Developing warehouse operations to meet future business requirements and continuously improve Environmental, Health & Safety culture

To be successful in this role you have:

Bachelor's degree in Logistics or a comparable qualification and/or several years of similar job experience is required to succeed in this job. In addition, you are familiar with warehouse processes, warehouse management systems and lean principles. Fluency in Finnish and English is essential, other languages are seen as an asset.

We offer you a dynamic and international work environment in a company with high technology products, a strong growth strategy and people who are passionate about fire safety. The position is located in our modern and functional factory premises in Kerava. At Marioff we value diversity in all its forms and we believe that it is our excellent, highly skilled people who make success, competitive excellence and innovation happen.
